### **Campus Parent Involvement Policy**

Education succeeds best when there is strong partnership and communication between home and schools. As key players in the education of their children, parents are involved in developing a policy which will achieve maximum effectiveness in the ties between home and school so that children will benefit from their time at school and the services provided by the Title I, Part A program. The parent involvement policy is one that is subject to change and revision in order to remain effective in meeting the needs of children who live in a constantly changing society. Parents work together with school personnel to achieve such a policy.
